

@jridgewell/resolve-uri

Resolve a URI relative to an optional base URI

Resolve any combination of absolute URIs, protocol-relative URIs, absolute paths, or relative paths.

Installation

```
npm install @jridgewell/resolve-uri
```

Usage

```
function resolve(input: string, base?:  
    string): string;  
  
import resolve from '@jridgewell/  
    resolve-uri';  
  
resolve('foo', 'https://  
    example.com'); // => 'https://  
    example.com/foo'
```

Input	Base	Resolution	Explanation
	<i>any</i>
